The American Physical Society

**Search for the Decay  $D^0 \rightarrow K^*\eta$**  ANN ELLIOTT, Ohio State University, BABAR COLLABORATION — We present a preliminary result of the search for the DCS decay  $D^0 \rightarrow K^*\eta$  where  $D^0$  comes from the decay  $D^{*+} \rightarrow D^0\pi^+$ . We use a high statistics data sample collected with the BaBar detector at the PEP-II asymmetric  $e^+e^-$  collider at SLAC.
