Abstract for an Invited Paper  
for the APR09 Meeting of  
the American Physical Society

**An overview of experimental High Energy Physics in South America**

RONALD CINTRA SHELLARD<sup>1</sup>, Centro Brasileiro de Pesquisas Físicas

We will present a historical perspective of how experimental High Energy Physics developed since the late 70's in South America, the challenges we face, the achievements attained, and the present involvement in major experiments at accelerator facilities.
