Abstract for an Invited Paper
for the APR17 Meeting of
the American Physical Society

An International Dimension the Advancement of Women in Physics and Astrophysics in the UK

JOCELYN BELL-BURNELL, University of Oxford

This talk will cover the following topics: What lessons can be learned by the US from the UKs experience of advancing women in physics and astrophysics? To what extent are issues country- or culture-specific? What has worked in the UK and might work in the USA?
