

Abstract Submitted
for the APR20 Meeting of
The American Physical Society

NSBP/NSHP Networking Event — The LGBT+Physicists group welcomes all interested attendees to participate in a roundtable discussion on improving the professional and educational climate within physics with particular attention to those who identify as gender and sexual minorities (LGBTQQIAAP+). The National Society of Black Physicists (NSBP) and The National Society of Hispanic Physicists (NSHP) meetup will provide opportunities for NSBP and NSHP members and those interested in the work of the societies to gather, network, and learn about their initiatives. All are welcome. Students and postdoctoral researchers are especially encouraged to attend.
