Abstract for an Invited Paper
for the APR20 Meeting of
the American Physical Society

IPSIG Update

GRACA ROCHA, JPL

The goal of the Inflation Probe Science Interest Group (IPSIG) is to provide quantitative metrics and assessments to NASA in regard to cosmic microwave background polarization missions. In this talk I will give an update on IP SIG activities, and introduce the remaining talks in this session. Please refer to the Physics of the Cosmos page for additional details (<https://pcos.gsfc.nasa.gov/phypag/meetings/APS2020/APS2020-agenda.phpipsig>)
