

Abstract Submitted
for the APR21 Meeting of
The American Physical Society

Evaluation of an Online Astronomy Course TARA JACOBSEN,
JOSEPH TROUT, Stockton University — This project produced an online astronomy course based on the free, online OpenStax textbook. The success of the course is examined using a 100-question pretest and posttest. A survey was also completed of the students to evaluate the perceived success of the online course and the acceptance of online courses.
