Abstract for an Invited Paper  
for the APR21 Meeting of  
the American Physical Society

**Multidisciplinary development in high energy physics**

MAURICE GARCIA-SCIVERES, Lawrence Berkeley National Laboratory

The MultiHEP workshop, held virtually Nov. 9-12, 2020, sought to collect experience from multidisciplinary efforts to advance High Energy Physics goals. A Snowmass white paper will be prepared and possibly followup workshops will be held. This talk will present highlights from the topics covered and workshop discussions. This includes efforts in materials science, chemistry, nanotechnology and various industry partnerships.
