Abstract for an Invited Paper  
for the APR21 Meeting of  
the American Physical Society

**Panel: Science on a Global Scale**

YOUNG-KEE KIM, University of Chicago

Young-Kee Kim is an experimental particle physicist. She will bring her perspective as a member of the LHCs ATLAS Collaboration, a member of the NSF's Center for Bright Beams Collaboration and Past Chair of the APS's Division of Particles and Fields. She will also bring her perspective as Chair of the Physics Department and Senior Advisor to the Provost for Global Scientific Initiatives at the University of Chicago.
