Abstract for an Invited Paper
for the BPNMC18 Meeting of
the American Physical Society

Google Student Roundtable

SANDEEP GIRI, Google, Inc.

During this round-table session for students, Googlers with undergraduate or graduate degrees in Physics will talk about their personal professional journey to where they are today. They will focus on how their Physics education helped them along their career path and continues to help them in their current position at Google. Students will learn how Physics can enable a diverse set of careers within industry, as well as about some of the ambitious projects that Googlers are currently working on. Students will also have an opportunity to openly ask questions of and socialize with Googlers on the panel.
