

Abstract Submitted  
for the DAMOP13 Meeting of  
The American Physical Society

**Soft X-ray Instruments at LCLS-II** JOHN BOZEK, CHRISTOPH BOSTEDT, SLAC National Accelerator Laboratory — The LCLS x-ray free electron laser (FEL) at SLAC National Accelerator Laboratory is being upgraded to include two additional FELs over the next four years. The soft x-ray instruments will be moved to one of these new sources and a new suite of beamlines and instruments will be built. A description of the capabilities of the source and the new beamlines will be presented.
