

Abstract Submitted
for the FWS15 Meeting of
The American Physical Society

Making Good Physics Videos¹ JAMES LINCOLN, Southern California American Association of Physics Teachers — Flipping the Classroom and the emergence of free online video hosting has led many of us to be asked to make videos of our lessons and demos. In this talk, you will learn the five methods of video engagement, and effective video writing techniques that will improve your video quality and improve audience engagement. Tips and ideas for effective and engaging physics demos are also included.
