

Abstract Submitted  
for the GEC18 Meeting of  
The American Physical Society

**LXCat Discussion** — In the 2018 GEC LXCat workshop, recent evolution of the LXCat databases and organization will be briefly introduced together with a brief tutorial on how to use LXCat. The field of plasma modelling (and experiments) is a continuously and rapidly evolving field. Researchers will be invited to present relevant (hot topic) problems related to the thematic of the LXCat community. The meeting aims to be highly interactive with young researchers being strongly encouraged to make pitch presentation of their current data needs.
