Abstract for an Invited Paper
for the MAR05 Meeting of
the American Physical Society

Panel Discussion

As part of the celebration of the World Year of Physics, the World Conference on Physics and Sustainable Development will be held in Durban, South Africa, 31 October - 2 November 2005. Participants from developed and developing nations will join together to formulate action-oriented plans for the contributions that physics and physicists can make to society. This session will begin a discussion of the topics that will be further developed at the World Conference.
