

Abstract Submitted  
for the MAR07 Meeting of  
The American Physical Society

**Einstein's Obscure 1918 Special Relativity Paper** TOM MORTON,  
Northrop Grumman Corp — Few people are aware of the existence of Einstein's  
1918 paper "Dialogue about Objections to the Theory of Relativity." In 1918 he  
attempted to resolve some perceived asymmetry issues in Special Relativity but  
did not reach any sufficiently satisfactory conclusion. This presentation reviews  
Einstein's 1918 efforts.

Tom Morton
