

Abstract for an Invited Paper
for the MAR07 Meeting of
The American Physical Society

SESAME, A Scientific Collaboration In The Middle East : Personal and Israeli Perspectives.

ELIEZER RABINOVICI, Hebrew University, Jerusalem, Israel

SESAME is an effort to nurture both high quality research and a novel scope of scientific collaboration in the Middle East. I will present a personal and an Israeli perspective on how the project came about, where it is now and where it may head for.
