

Abstract Submitted  
for the MAR07 Meeting of  
The American Physical Society

**Accessing the Education Literature through the ADS** GUENTHER  
EICHHORN, MICHAEL J. KURTZ, Harvard-Smithsonian Center for Astrophysics,  
BRUCE A. MASON, LYLE BARBATO, Homer L. Dodge Department of Physics  
and Astronomy, U. of Oklahoma — The ADS and ComPADRE in collaboration  
are developing a portal to the education literature in the ADS. A large part of  
the education and education research literature are now available through the ADS  
Abstract Service. The new portal makes accessing and searching of this part of the  
literature easy and intuitive, while also providing access to the more sophisticated  
search capabilities of the ADS.
