

Abstract for an Invited Paper  
for the MAR10 Meeting of  
The American Physical Society

**The transport properties of graphene: an overview<sup>1</sup>**

NUNO PERES, University of Minho

We present an introduction to the transport properties of graphene combining theoretical analysis with experimental results. In the theoretical description we use simple intuitive models to illustrate important points on the transport properties of graphene.

<sup>1</sup>The project PTDC/FIS/64404/2006 by FCT is acknowledged.
