

Abstract for an Invited Paper
for the MAR10 Meeting of
The American Physical Society

Basic Research Needs and Opportunities

LINDA HORTON, Director, Materials Science and Engineering Division, Basic Energy Sciences, U.S. Dept. of Energy

As Nation's largest supporter of fundamental science for energy, the Department of Energy's Office of Basic Energy Sciences has held a series of workshops to determine priority research directions for the underpinning challenges for a secure energy future. These opportunities and the national user facilities available for this research will be summarized.
