

Abstract Submitted
for the MAR12 Meeting of
The American Physical Society

Why Physics Programs are Slimming Down SAMINA MASOOD,
University of Houston Clear Lake — We study the Physics enrollment in the light
of the current financial situation. Role of the Physics program in the growth of
several programs in a university and the importance of a successful Physics program
to prepare for the future needs of the time are analyzed in detail. The effect of
shutting down of Physics programs will also be discussed.
