

Abstract Submitted  
for the MAR16 Meeting of  
The American Physical Society

**CSWP Networking Reception** — Unwind after a long day of sessions by networking with women physicists from the APS Committee on the Status of Women in Physics and members of the APS Panel on Public Affairs (POPA). Cocktails and conversation will flow as we learn about the recently approved APS Statement on the Status of Women in Physics; a POPA study underway, designed to evaluate what top universities are doing to address gender disparity in undergraduate physics programs; and initiatives programs designed to attract, retain, develop, and support the female physicists in our community.
