

Abstract Submitted  
for the NEF07 Meeting of  
The American Physical Society

**The Role of Experiment in Physics Education** EUGENIA ETKINA

— This presentation draws on the ways in which physics is practiced, and presents a variety of ways to use experiments in a physics classroom similar to the ways that experiments are used in physics research. Published in *The Physics Teacher*, Vol. 40 September 2002, PP. 351-355.
