

Abstract Submitted  
for the OSS08 Meeting of  
The American Physical Society

**Physics Education Research Where Do I Start? I** SUE RAMLO,  
University of Akron — We have all probably heard of PER and know that it stands  
for the term “Physics Education Research.” Yet what does PER really entail and  
what does it mean to a physics educator? This workshop focuses on discussing what  
PER is and the development of the appropriate tools to perform physics education  
research.
