Abstract for an Invited Paper
for the PHYSTC16 Meeting of
the American Physical Society

Panel Discussion on Recruiting and Preparing Future Physics Teachers

CODY SANDIFER, Towson University

The peer-reviewed, PhysTEC-sponsored book *Recruiting and Educating Future Physics Teachers: Case Studies and Effective Practices* was released in September 2015 and is freely available for download at: www.phystec.org/webdocs/EffectivePracticesBook.cfm. A panel of the book's authors will briefly describe the recruitment and teacher education activities at their home institutions, with a special focus on implementation advice, ongoing challenges, and lessons learned. Q&A sessions will be scheduled between the panelist presentations.
