

Abstract Submitted
for the SES14 Meeting of
The American Physical Society

Quantum model of capacitance at the nanoscale¹ JUN-QIANG LU,
Univ of Puerto Rico - Mayaguez — In this talk, I will present the difference in
modeling steady and dynamic electronic transport properties of nanomaterials and
propose a quantum model to measure capacitance of nanomaterials.

¹JQL is grateful for the support from the Faculty of Arts & Sciences and the IFN,
UPR.
