

Abstract Submitted
for the TSF06 Meeting of
The American Physical Society

To Conduct or not to Conduct—that is the Question MEG YOUNG,
Lamar High School, Arlington, Texas — Participants will make three different conductivity testers and conduct simple experiments that use them. The experiments will demonstrate the conductivity of materials, the conductivity of ionic vs. covalent compounds, and how conductivity changes as the ion concentration changes.

Limited to 25 participants – 1.5 hours – Cost \$5.00
