

Abstract Submitted
for the TSF07 Meeting of
The American Physical Society

ATE Program for Physics Faculty¹ THOMAS O'KUMA, Lee College
— This talk will report on this project for two-year college and high school physics teachers. It will include data from the recently held workshops that are part of this project, followup activities conducted by the participants of the project, and some surprising information from the project.

¹Supported in part by NSF grant #ATE-0603272.
