

Abstract Submitted  
for the TSF19 Meeting of  
The American Physical Society

**The 2019 PTRA Summer Institute** THOMAS O'KUMA, Lee College  
— For the last 35 years, the PTRAs (<https://www.aapt.org/PTRA/>) have conducted a summer institute before or after the AAPT Summer Meeting. This year's summer institute was mostly about astronomy. The site was the UVU Field Station in Capitol Reef National Park in southern Utah. In this talk I will describe the program, the facility, and my perspectives of this institute both as a presenter and as a participant.
