Mass energy space and time system theory¹ CAO DAYONG,
P.O.Box 902, Ext.111, Beijing, 100083,China — Develop the relativity theory and
Develop the microcosmic mechanics. Microcosmic quantum space time theory. Mi-
crocosmic quantum black hole theory. Dark Energy background come from black
hole, we would use it to produce the microcosmic quantum black hole. With the mi-
crocosmic quantum space time theory and microcosmic quantum black hole theory,
we could produce new spaceflight.
