

Abstract Submitted  
for the TSS08 Meeting of  
The American Physical Society

**Introducing the TI-Nspire CAS Learning Technology** MICHAEL OSBOURNE, Texas Instruments — Engage your students! In this hands-on workshop, we will demonstrate how TI's newest graphing technology can be integrated into the physics classroom. Come experience both the TI-NspireT CAS Handheld and the TI-NspireT CAS Computer Software. The new TI-Nspire learning technology has been developed to allow students to explore physics and to better understand concepts through the manipulation of complex formulas, graphing, spreadsheets, data analysis, and simulations. During the workshop you will receive an overview of the technology, sample activities, along with the opportunity to experience how TI-Nspire CAS can be effectively integrated into the physics classroom. Limited to 20 participants.
