

Abstract Submitted
for the TSS10 Meeting of
The American Physical Society

New Ideas for Teaching Physics: Part II KAREN JO MATSLER, PTR/AAPT, EVELYN RESTIVO, Waxahachie Early College High School, Navarro College, and Texas A&M Commerce — Part II, the sequel, is designed to look at some physics topics that you might encounter during second semester. Some of the activities presented in this workshop will include a different look at methods for student involvement in demonstrating physics, vibrations and waves with earth applications, sound, resonance, and interference patterns. Limited to 24 participants - 2 hours - Cost \$5.00
