

Abstract Submitted
for the APR16 Meeting of
The American Physical Society

Career Opportunities for Physicists: Panel Discussion — We live in a world full of opportunity for physics graduates. Join us for a unique opportunity to learn about some of these opportunities from our diverse panel of working physicists from industrial, national lab, and academic sectors. Topics of discussion will include panelists' daily experiences, how physics serves them in their career, and advice to students interested in following a similar path. Light refreshments will be served
