Abstract for an Invited Paper
for the APR16 Meeting of
the American Physical Society

Current Status of Astrophysics of Cosmic Rays¹

IGOR MOSKALENKO, Stanford University

I will review the current instrumentation and recent results. I will discuss which measurements have to be done in the near future to significantly advance our knowledge about the phenomenon of cosmic rays, their sources, and their interactions with the interstellar medium.

¹A support from NASA APRA Grant No. NNX13AC47G is greatly acknowledged.
