The American Physical Society

**Measurement of the branching fraction and a search for CP violation in  $B$  to  $\phi\phi K$ .** VIPIN GAUR, Virginia Tech, BELLE COLLABORATION — We report the final results of the measurement of the branching fraction and CP violation in  $B$  to  $\phi\phi K$  decays based on a data sample collected with the Belle detector at the KEKB asymmetric-energy  $e^+e^-$  collider.
