

Abstract Submitted  
for the APR21 Meeting of  
The American Physical Society

**Medical Physics Career Opportunities in Industry and Entrepreneurship** QUAN CHEN, University of Kentucky — Medical Physics offers career opportunities not only in clinics and academia, but in industry as well. In addition to making valuable contributions inside a company, medical physicists can also create start-ups to have a bigger impact. This talk will start from my experiences in both areas and will also showcase a few other examples.
