Abstract for an Invited Paper  
for the DNP20 Meeting of  
the American Physical Society

### **CLAS12 Detector and Data Processing Overview**

VERONIQUE ZIEGLER, Jefferson Lab

The CLAS12 experiment at the Jefferson Laboratory has begun the physics data taking in February 2018. I will discuss the overall performance of the detector and describe event reconstruction including charged and neutral particle identification. A general overview of data processing and analyses schemes will be presented.
