**Discovery of the Grand Unified Theory**<sup>1</sup> RADHAKRISHNAN  
NAIR<sup>2</sup>, Rass Corporation — I have discovered the Grand Unified Theory. Ein-  
stein and others missed it because of a major error that crept into physics 400 years  
ago. This error is the heliocentric universe proposed by Copernicus. My Grand  
Unified Theory is based on the true nature of our universe, the geocentric model.
