

TSF17-2017-000305

Abstract for an Invited Paper  
for the TSF17 Meeting of  
the American Physical Society

**GPS - A Guide for Travel and Communication**

TRINA CANNON, PTR A and Eastfield College

The governments advanced achievement in technology is eventually released to the public. This is the origin of the GPS system that we have grown to accept as a vital component for our everyday life. We will learn a little more about GPS and how it works. We will complete some activities that will be suitable for both Physics and Math classes.
